

I have received an invitation to join an organisation, what do I need to do?

If you are invited to join an organisation you will receive an email with a link that first requires you to log in to your My Pathomation account and then guides you through the steps to join the organisation.

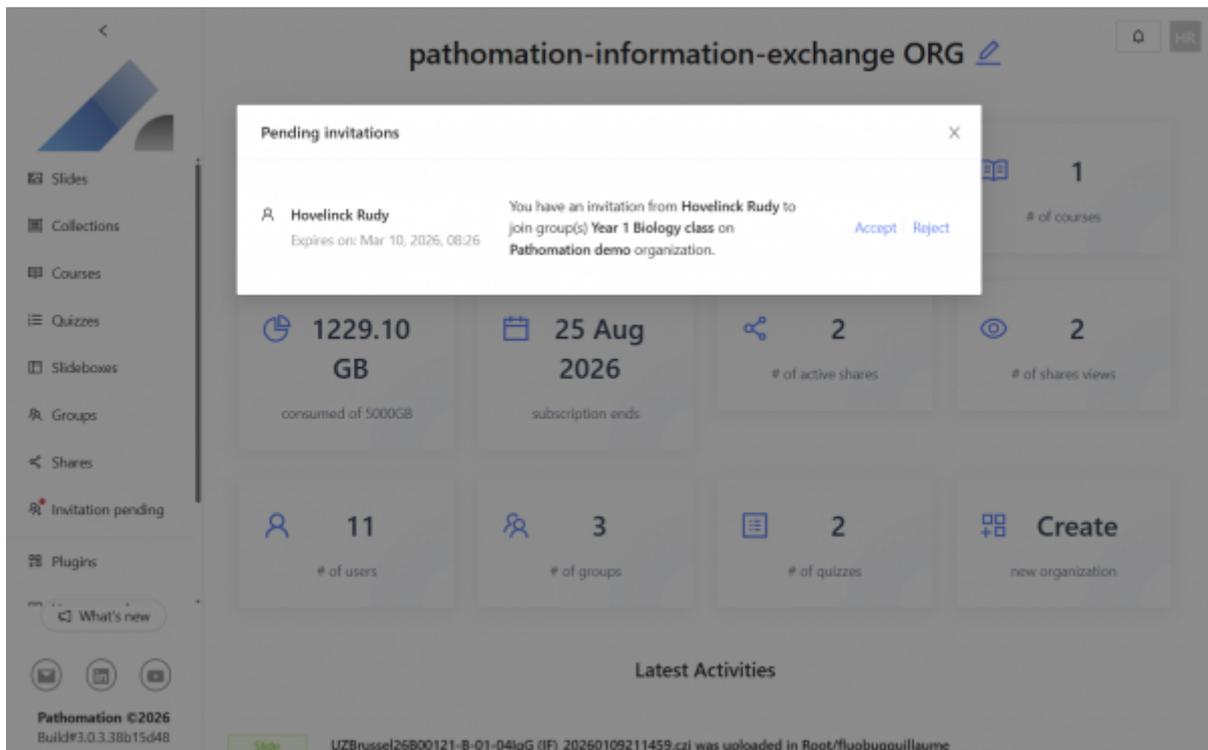

Click on the link in the email to proceed and login to your account

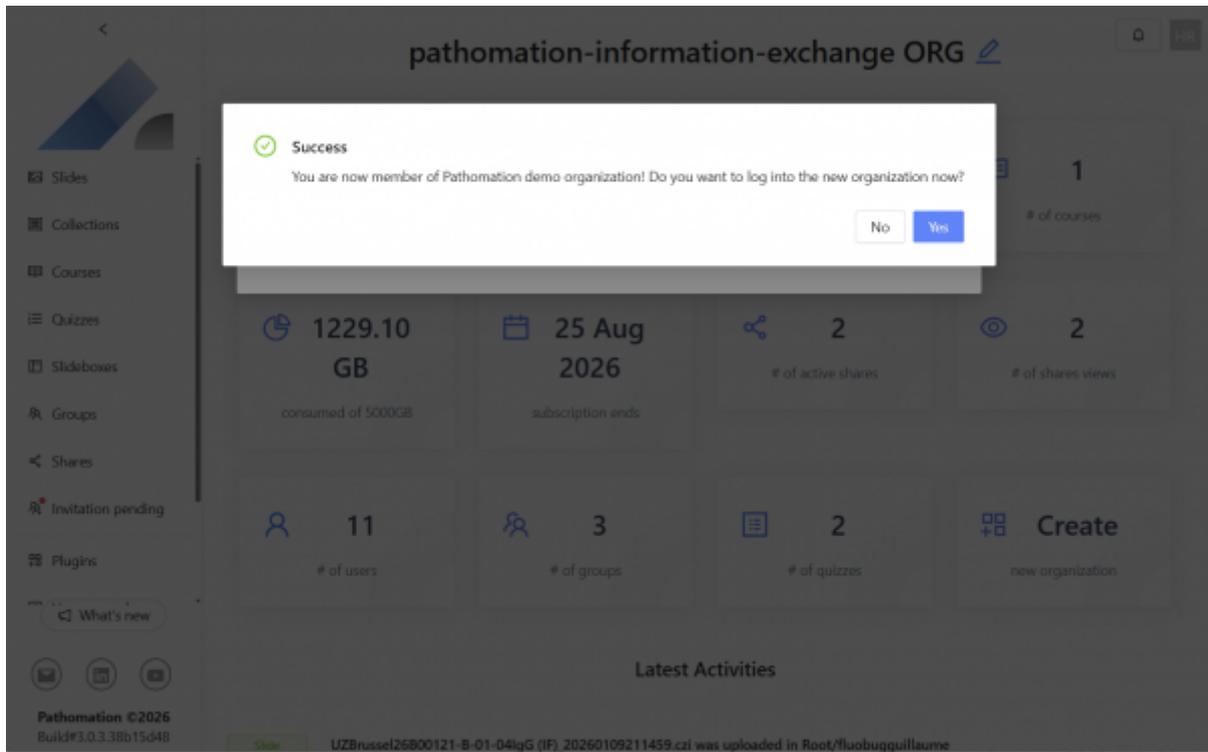

Please note that the organisation you are invited to is not yet visible to you upon login. To provide you as a user with control on the organisations you want to join or not, you first need to actively accept the invitation. Now look at your pending invitations and click

After clicking an invitation, you can accept or reject it

After accepting an invitation you get a confirmation message and you can then proceed to the organisation you were invited to.
