# Adding Your Logo

Adding your own logo that will display across all content in your Organisation is a great way to add polish to your course content and show your users that this is a legitimate learning resource of your university / company.

How to add a logo?

Step 1: Navigate to the account section by clicking your initials in the top right [1] and click manage organisation [2]

Step 2: Click on the logo picture in the Custom Logo row [red box]. This will prompt you to select a file on your computer to upload as the logo. It must be less than 2 MB.

Organization

Custom logo	
Name	Dr Holmes Academy ✎
Role	Manager
Plan type	Custom25 Change plan
Total space	25GB
Consumed space	1.30% (0.32 GB)
Expiration date	Jan 24, 2025, 11:35
