

How to share a slide?

1. Go to your slides via “My slides” on the sidebar.

2. The standard view setting is list view, in this view you need to click the share icon which you can find to the right of the slide thumbnail. If you work in the gallery view you can see the share button below the slide thumbnail. Click the share button and a new window pops up.

3. There are different ways to share your slide.

1. You can copy the link and share it with others
2. You can embed your slide in your own web content
3. You can generate a QR-code for your slide
4. You can email the link of shared slide
5. You can directly send the link of shared slide via various social network service such as *Facebook, Twitter, WhatsApp, Messenger* or *LinkedIn*. Watch our explanatory video here https://youtu.be/Y73I7nm_8d8

Also you can change the visibility option of your share. **Unlisted shares** can only be accessed by users with a valid link. **Public shares** can also be accessed by link, but are accessible from public listings too and anyone can view them.

Choose the options that suits your need best.

4. By clicking on “ADVANCED (more options and properties)” you can finetune your share. You can password-protect your share, set an expiration date for your share or modify viewport to your needs.
