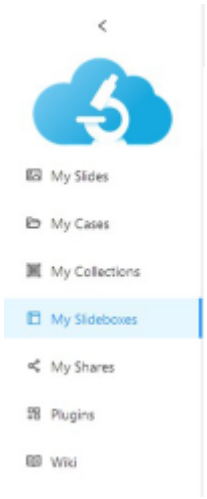
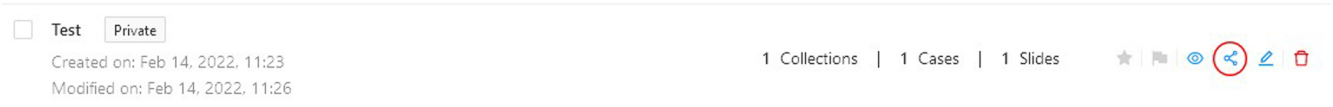
How to Share a Slidebox

1. Go to your slideboxes via “Slideboxes” on the sidebar.



2. All your slideboxes are shown in the gallery. On every slidebox, you can see the share button. Click the share button to open the share menu.

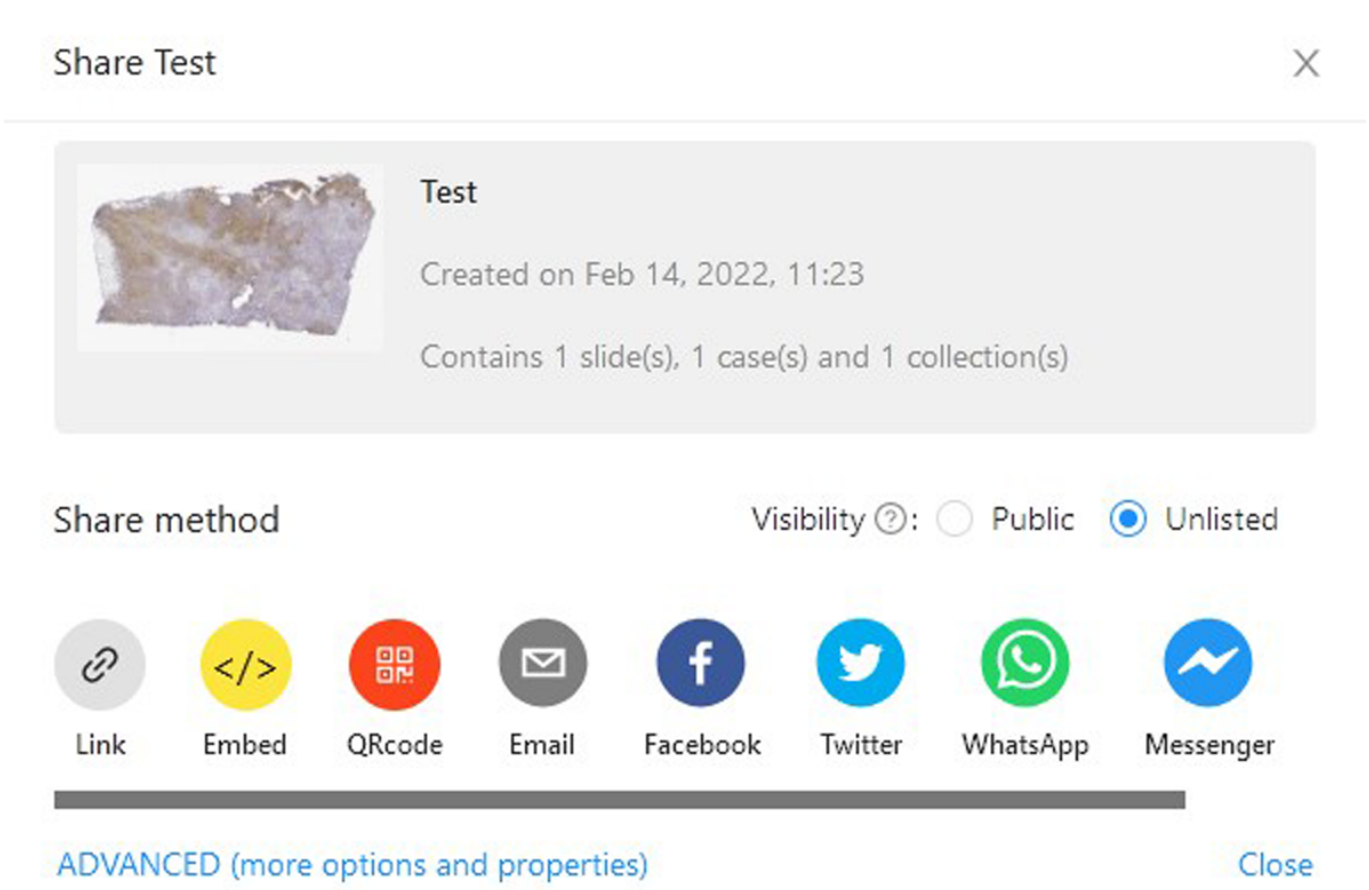


3. There are different ways to share your slidebox.

1. You can copy the link to your slidebox and share it with others
2. You can embed your slidebox in your own web content
3. You can generate a QR-code for your slidebox
4. You can email the link of shared slidebox
5. You can directly send the link of shared slideboxvia various social network service such as *Facebook*, *Twitter*, *WhatsApp*, *Messenger* or *LinkedIn*.

Also you can change the visibility option of your share. **Unlisted shares** can only be accessed by users with a valid link. **Public shares** can be accessed with direct links, and additionally are accessible from public listings, meaning that anyone can view them.

Choose the options that suits your need best.



4. By clicking on “ADVANCED (more options and properties)” you can finetune your share. You can password-protect, set an expiration date, and modify viewport options to your needs.
