Integrating Your Interactive Slides into Powerpoint.

It's very easy to boost your powerpoint quality with sharing a slide with a QR code that people can scan and interact with on their phones and laptops.

But we can go one step further

In this article you will learn how to integrate a fully interactive slide directly into a powerpoint slide that you can navigate during your talk without ever leaving the presentation.
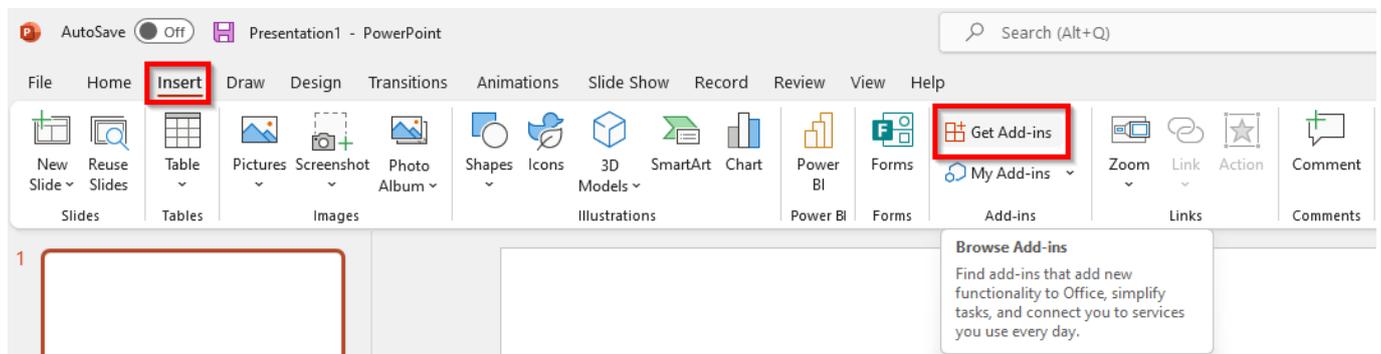

Video Guide

This helpful video explains how to get started:

Or if you'd prefer written instructions:

Walkthrough

Installing Web Viewer Plugin 1) First off you'll need Web Viewer plugin for Microsfot Powerpoint You can search and download this from: - Powerpoint via the 'Insert' tab and clicking 'Get Add Ins'

- Or the online office store
https://appsource.microsoft.com/en-us/product/office/WA104295828?tab=Overview

2) Click Add, and follow the installation steps
3) Restart Powerpoint to complete the installation
