In this video above, you'll learn how to upgrade your plan for your Personal Workspace and/or Organisation account.

1. Selecting the workspace

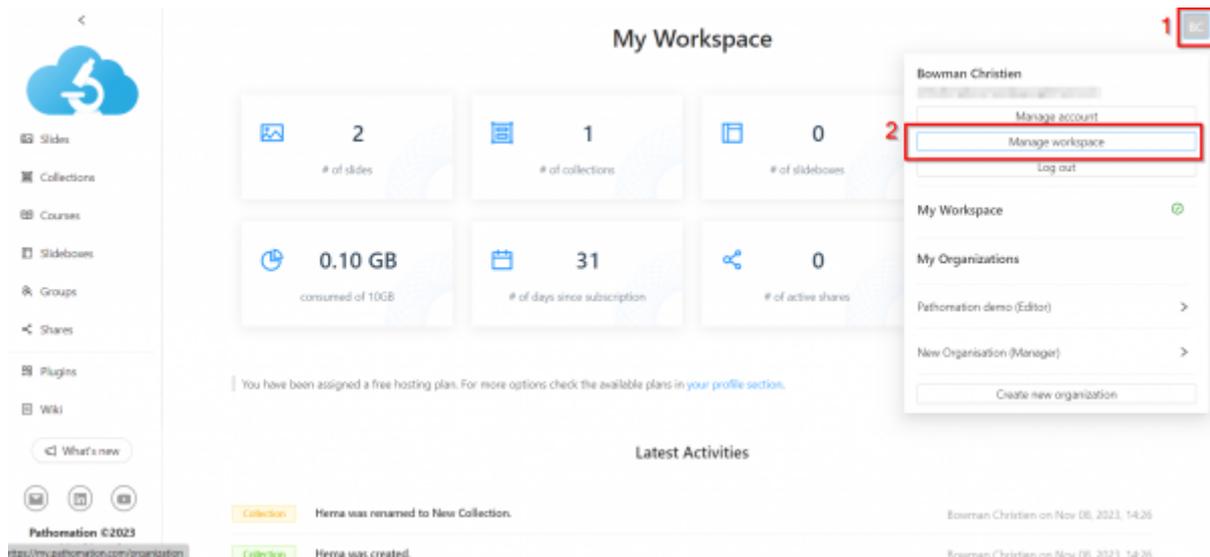

You can manage the plans for your personal workspace and your organisation(s) separately. First select the workspace you want to manage by clicking the account button with your initials in the top right of the screen (1). Then select your personal account (My Workspace) or one of your Organisations (2). If you hover your mouse over the organisation, details about it will pop out in the black speech box. You can confirm which workspace/organisation you are currently in by looking for the green check mark (3)

2. Managing your workspace

Now you are in the correct workspace, it's time to upgrade! First navigate to the account drop down menu by clicking the account button (1).

Then select "Manage Workspace" (2)

You will see the option to “Change Plan” in the “Plan Type” section. Click on the bluetext to see the account options. Here's how it looks for My Workspace:
