

### Scoring cases

If test active mode has been enabled for you by the supervisors, you can score each case of a case collection by filling in the form fields. Sometimes you might need to scroll down to the bottom of the right column, below the slide list to view the form:

In case an error occurs, a prompt will appear. You can close the prompt, correct any errors and submit the form again:

You can correct any individual field errors and submit again:

**IC%**

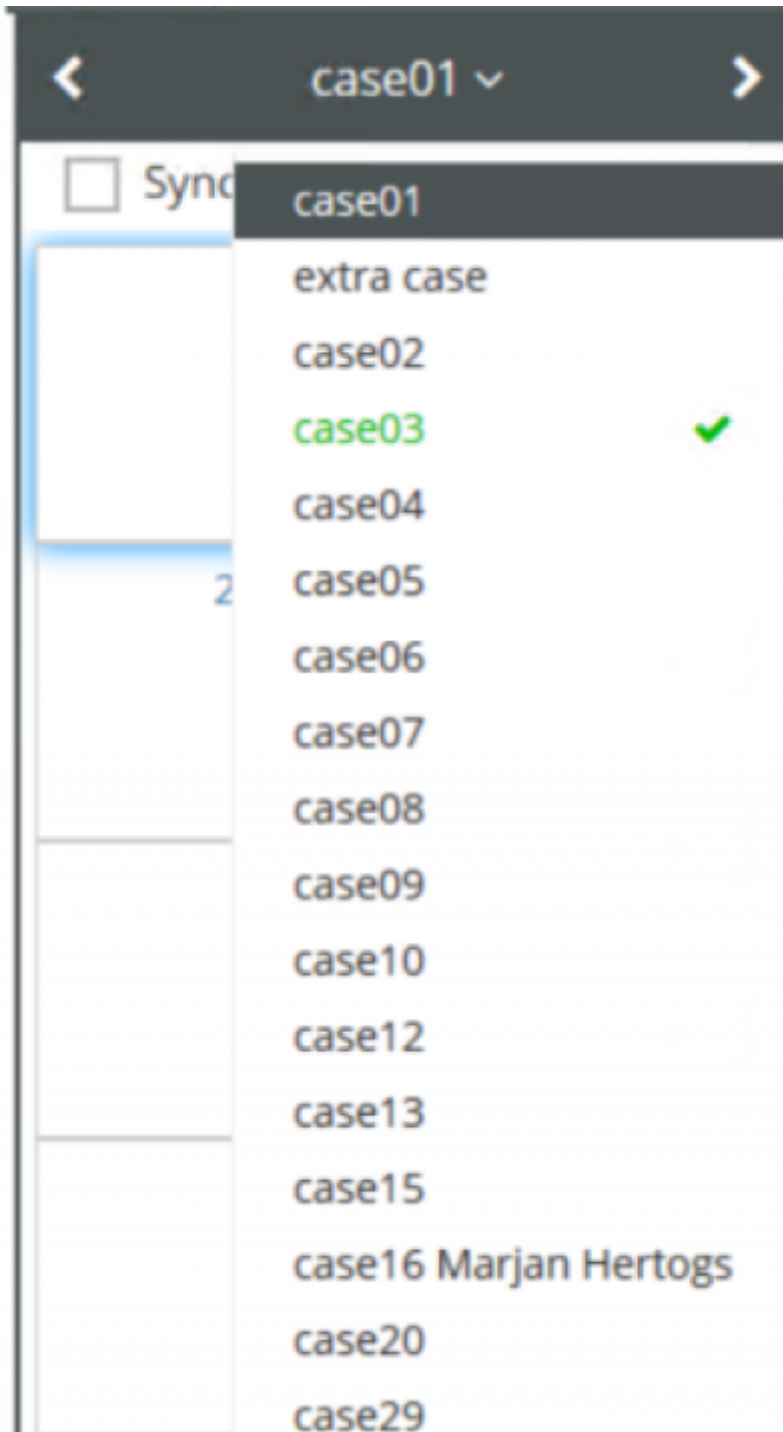

area covered by immune cells

**POS/NEG**

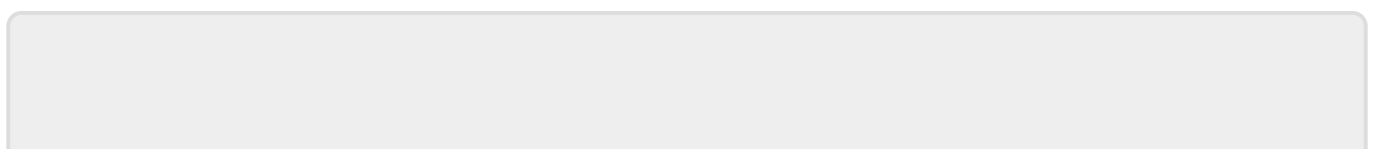

Please select a value

**Submit**    **Reset**

As you complete each case, the system displays the forms that you have already scored, by expanding the list of cases:

Finally, you can track your progress as well as overview all the cases you have scored so far, from the session main page and the score report page:
