

# Manual (administration)

This link redirects to [PMA.Studio documentation](#).

The screenshot shows the PMA.studio documentation page. At the top left is the Pathomation logo and the text 'PMA.studio'. Below this is a breadcrumb trail: 'Trace: · slides · ui\_ux · ribbon\_tabs · annotations\_edit · annotations\_complex · annotations\_magic · panel\_viewport · panel\_anno'. A left sidebar contains a table of contents with sections: 'About PMA.studio' (sub-items: Who should read this, Connectivity, User interface), 'getting started' (sub-item: Operating modes), 'Ribbon' (sub-items: Context menu, Tab inventory, Available commands, Configuration), and 'Interacting with slides' (sub-item: Working with grids). The main content area has a heading 'PMA.studio' followed by a welcome message: 'Welcome to PMA.studio, an integrated web-based environment for who slide image (WSI) data, digital pathology, and virtual microscopy alike developed by Pathomation.' Below this is a paragraph: 'As of 2022, PMA.studio (and PMA.vue) replace the original Pathoma of it being discontinued and replaced, some users still find the original s is a superior product for some tasks.' The final paragraph states: 'PMA.studio is part of the Pathomation software platform for digital pa platform consists of different components. Whatever your scenario for d that you're going to interact with digital slides at some point PMA studic'.
